Well done to our Year 6 pupils for creating such a fantastic Enterprise Event this afternoon. The children have demonstrated the Learning Powers throughout their preparation - collaborating to canvas opinion to determine what products would be popular, evaluating how they could maximise profit, explaining their reasoning to the others in their group, considering the choices available and how they could market their goods and services. It is always one of the highlights of the children's time at Godwin and we know from the number of former pupils who attend each year that they remember it for a long time.

Thank you to all of the parents and carers for their support and to our Year 6 team for their making this happen.

Best wishes for the weekend.

There are fewer than 6 weeks to go until ChessFest 2024, the annual chess extravaganza in Trafalgar Square, London. On Sunday 7th July 2024, 11am-6pm, CSC are taking over the whole square for a day of free, family-friendly chess activities, including:

- Free chess lessons from a CSC tutor
- Simultaneous displays by the top Grandmasters in the country
- Giant chess sets
- Speed chess galore in the Challenge the Chess Master tent
- Living chess with actors, replaying famous games of chess on a giant board
- Puzzle-rush: pit your wits against fiendish chess puzzles on ChessKid.

This year's ChessFest theme is Alice Through The Looking Glass. Will the Red Queen triumph over the White King on the living chess board? Will the March Hare overcome Tweedledum and Tweedledee? Head on down to find out.

Lining Up Cup

This week's winners are 3Z and 6W.

World Environment Day is celebrated every June 5th, highlighting the link between children's rights and environmental issues, particularly UNCRRC Articles 6 and 24. This year, Saudi Arabia focuses on combating desertification, land restoration and drought resilience, which are crucial for global ecosystems and human health.

Article 6 emphasises every child's right to a healthy environment, which is crucial for development. Article 24 advocates for clean water and air, which are essential for preventing diseases and ensuring well-being.

Sustainable environmental practices are vital in upholding these rights, demonstrating the connection between ecological health and children's rights. By promoting environmental stewardship, we protect our planet and ensure the future well-being of the next generation. Let's champion environmental sustainability to respect and fulfil children's rights globally.

Mindfulness Corner

Every Friday we will highlight a different group or organisation with resources for mental health and wellbeing. (We are not endorsing any particular site nor are we ambassadors for it - we are simply providing pointers towards sites that might be interesting/helpful).

This week we feature mental health support from Mind:
